CALGARY VASCULITIS SYMPOSIUM

Update on Childhood and
Adult Systemic Vasculitis
Thursday, October 2, 2014
0800-1540

This symposium is an opportunity to learn how vasculitis research is improving the care of patients. Participants will have an opportunity to learn about diagnostic options, new treatments and long term outcomes of vasculitis affecting children and young adults. This day will help to strengthen a network of healthcare providers interested in vasculitides.
